RANCHO DOMINGUEZ TOWNHOME ASSOCIATION

PARKING PERMIT APPLICATION

Please provide the requested information on all vehicles that are registered to the residents of a unit at Rancho Dominguez Townhome Association. This application must be accompanied by copies of all valid vehicle registrations and of the corresponding driver's licenses showing the RDTA unit's address. If either of these two requirements are not met, the application will be rejected, no exceptions. This application will not be processed without all of the required licenses and registrations reflecting the RDTA address.

ONLY ONE VEHICLE PER UNIT CAN RECEIVE A PARKING PERMIT

A parking permit fee must be paid with a check payable to Rancho Dominguez Townhome Association in the amount of $120 for a one-year period from November 1st to October 31st given to a RDTA Parking Committee member after vehicle and garage inspections and application approval and prior to receiving a valid parking permit. The parking permit fee cannot be billed with your Association assessment.

Vehicle Registration Expiration Date: _____   ❒ Oversized Vehicle
Driver's Name: _____ Driver's License: _____

Contact the RDTA Parking Committee at rdtaparking@yahoo.com if you need clarification

I understand the following qualifying terms and procedures:

- Three vehicles registered to address of the unit.
- Three licensed drivers registered to the address of the unit.
- Two vehicles parked in the unit garage.
- One of the vehicles selected for the parking permit.
- There are special considerations for oversized vehicles (too high or too long to fit into garage).
- Selected vehicle must not be a RV, boat, trailer of any kind, vehicle that may be used for commercial purposes, vehicles displaying the name of a business, modified vehicle, off road vehicle, or vehicle with bottom of frame over 20 inches off the ground.
- Limit of one permit issued per unit.
- Awarded parking permit only allows for vehicle to park in marked parking stalls nearest to unit of resident holding the permit. Stalls are reviewed with residents at time of inspection and application marked to indicate which area of marked parking stalls they can utilize. A copy of the marked-up application will be emailed to the resident upon awarding of the permit.
- RDTA Board and RDTA Parking Committee reserve the right to operate on first come, first served basis for awarding parking permits, particularly for areas with limited marked parking stalls available.
- No matter what date the permit is issued, all permits expire on October 31th of each calendar year and must then be removed. If still needed, a new Parking Permit Application must be submitted each year upon permit expiration and a new annual fee paid.
- There are accommodations for situations where a permitted vehicle is sold or becomes inoperable. Remove old permit and submit to Parking Committee along with application for the replacement vehicle. If approved, new permit for balance of permit year (thru October 31) will be provided for a processing fee.
- Application processing steps are detailed at http://rdta.org/ParkingPermitApplicationProcessingSteps-2018.pdf.
